By SEWALL CLARK

We've attended so many "Bon Voyage" parties recently that we began wondering if perhaps we should look up a few old passports to see if the visas were still good. After you've sung "Aloha" and "Auld Lang Syne" so many times it's hard to tell just who is leaving and who is staying.

The first "Goodby-Good Luck" party was given a week ago Friday evening by Miss Ginger Du Rae, 180 N. Mountain Trail, for the uranium hunters from Sierra Madre whose departure for southern Arizona was described in The News last week. As a matter of fact, more than a month ago The News began a series of features about the five men—Eugene "Beans" Colbert, Don Scolley, Clinton "Babe" Dodge, Dwight Meyer and Ben McGee. As result, their adventure attracted reporters from other newspapers, along with grubstake investors—which helps to explain why more than 50 people, some of whom she didn't know, attended Ginger's party originally planned as a "small gathering."

Later that same evening, beginning at about 9 o'clock, 78 people signed a "Bon Voyage" card at a party in the dining and recreation rooms of the VFW, Harry L. Embree Post 3208 at 40 Montecito, to honor Eugene G. Comstock, 195 E. Sierra Madre Blvd., and his wife, Nell. An outside production buyer at Aerojet-General Corp., Gene has moved his office from the Azusa plant to the "Solid Rocket Division" at Sacramento.

He's the one who came to Sierra Madre in the spring of 1944, took over the piece of property on the northwest corner of Sierra Madre Blvd. and Mountain Trail, then through his own designing and workmanship turned it into such a beauty that it sold immediately when the news of the Comstocks' move was learned.

We know exactly how Nell felt when she broke into tears during the gift presentation when she and Gene sat on the VFW stage and listened to the introduction address by Jackson Wilcox. The gift from all attending was an electric blanket, but it might as well have been a Cadillac—or just an old agate from someone's treasured marble box. It was the idea that mattered.

We've always hated to say goodbye. Makes no difference whether it's a gold miner's bunk in Wyoming or a house in Bermuda. Maybe it's a boat where you've lived just long enough to turn to Page 8

Dr. Lowell received his B.S. and Ph.D. degrees in biological chemistry from the University of Chicago and completed his M.D. at the University of Illinois. He served his internship in the U.S. Public Health Service in San Francisco.

Dr. Lowell, his wife, Nada, and their two daughters, Nana, 6, and Lori, 3½, and one son, Brian Lindsay, 5 months old, live at 15 Rancho Rd., Sierra Madre.

Dr. Lowell is engaged here in the general practice of medicine, surgery and obstetrics.

As the costumes illustrate, a South Sea Island theme prevailed. Shown, from left, are William M. Hawkins Jr., Mrs. Mac Cason, Mrs. Harry R. Snow, C. Don Hayes, Mrs. Richard

Mrs. Schuster was dance chairman. Dance committee members were Helen Hawkins, Stella Rudnick and Judy Rosener.—(Al West Photo.)

Group Protest May
Block Park School

A delegation of East Pasadenans besieged the Pasadena Board of Education Tuesday night to protest the proposed sale of Victory Park to the city schools.

This development could seriously hinder the earlier agreement on the Victory Park school, despite the fact that Supervisor Roger Jessup won a major concession from his four fellow supervisors who ordered the Pasadena Board of Education request for 25 acres of land referred to a three-unit evaluation group.

The pro-park group, named the Victory Memorial Park Development and Improvement Assn., was led by Robert Sandborg, 1995 Rose Ave.

Several neighborhood improvement associations, he said, had banded together to save the park for the children of the eastern end of Pasadena.

Mrs. Grace McClellan, 3631 Lombardy Road, president of the Pasadena chapter of the American Gold Star Mothers, Inc., pleaded with the directors to "save the park as a memorial to our boys killed in the war."

"We have no intention of selling the park to anyone," said Mayor Warren M. Dorn. "We can't do it without first making a finding that it is not needed and then holding an election. I doubt if any such finding will be made unless other acreage is made available."

City Manager Don C. McMillan said he had received three letters favoring use of the park for school purposes and 49 letters in opposition. A similar trend was noted by Supervisor Jessup's office.

Members of the evaluation group are Arthur Will, chief administrative officer; the Pasadena Regional Planning Commission and the Department of Park and Recreation.

Test tubes, chemical glass slides, volley balls and ballpoint pens were among the objects stolen from the Sierra Madre School sometime last week.

Police reported that somebody entered the building through a transom on the west side of the school.

Judging by the transom's size, police believe a youngster of 10 to 14 years of age was responsible. Most of the objects were taken from Room 14.

Listed as missing are the following articles: two volley balls, five ballpoint pens, 10 cents in coin, test tubes, chemical glass slides and laboratory specimens.

WHOLESALE

Sierra Madre police are searching for a burglar who apparently is building a house, complete with a cooking range.

E. L. Bennett, foreman for the Santa Anita Estates, reported the theft of 13 mahogany doors that had already been hung on a new house under construction at 180 S. Grimes.

The doors, removed by pulling the hinge pins, were valued at \$195.

Also stolen from a new garage in the same tract was a cooking range and oven. It was on the premises at 140 S. Holman where a new home is being built. The garage is being used for storage.

Lorraine Day
Stars in Film
Produced Here

Sierra Madre bustled with activity early yesterday morning as a bevy of actors, directors and technicians arrived to start production of a half-hour television film.

The film, entitled "The Final Tribute," will star Lorraine Day, Thomas Mitchell and Dan O'Hilly. It will take four days to make the film, most of which will be shot in the Sierra Madre Medical Center and in the office of Dr. Mervin Peterson.

When completed by Hal Roach Studios, the motion picture will be presented Nov. 16 on the Screen Directors Playhouse at 8 p.m. over the NBC network.

Directed by Andrew Stone, "The Final Tribute" will be made entirely in Sierra Madre, according to William Sterling, production coordinator for Hal Roach. About 25 persons, including the cast, cameramen and technicians, will be involved.

The story revolves around a conflict between two doctors—one a brilliant young physician, and the other an older but respected general practitioner. The doctors are played by Mitchell and O'Hilly. Miss Day portrays a nurse.

Freeway Dead
Toll Only 7%

Despite the "irresponsible" motorist who uses the freeway as a race course, freeways have accounted for only 7 per cent of the 257 traffic fatalities in Los Angeles this year, the Automobile Club of Southern California pointed out yesterday.

As of Oct. 13, there were 18 fatalities on the 32 miles of freeway patrolled by Los Angeles police. This area includes major portions of the Hollywood, Harbor, Santa Ana, San Bernardino, Artesia, Colorado, Golden State and Terminal Island Freeways.

Royal Drug to Move; Bigger
Restaurant Planned by Grill

Sierra Madre is going to have additional—and badly needed—restaurant facilities, probably within two weeks.

Morrie Yasskin, owner of the Royal Fountain Grill in Kersting Court, said yesterday that he will expand his restaurant into the space now occupied by the Royal Drug Store, which is moving this weekend into the new building at 82 W. Sierra Madre Blvd.

"We are going to redecorate the adjoining building (Royal Drug) and put in five new booths as soon as possible," Yasskin said.

"This will be the first step in the possible expansion of all our restaurant facilities, includ-

Water Rate Boost
Delayed for Study

Details Will Be Presented to Pasadena
Engineering Firm; Report Set Tuesday

A second reading of the ordinance boosting Sierra Madre water rates was delayed again at the City Council meeting Tuesday night to permit time for a review by a professional engineering firm.

The proposed new rate structure, which boosts water prices from 10 to more than 24 per cent, will be submitted to the Pasadena firm of James M. Montgomery, specialist in California water problems.

This action was taken following a meeting earlier this week between Montgomery and Mayor Charles H. James and City Administrator Lawrence Bevington.

Montgomery agreed to study the rate structure and to present his conclusions in time for next week's council meeting. His fee will not exceed \$300.

This in effect delays any increase to consumers for at least seven more days, in addition to the 30-day waiting period after the second reading. There seems little doubt, however, that the rates eventually will be increased as a necessary step to insure adequate maintenance and expansion of the city's water system.

All councilmen are agreed that a rate increase is an absolute must. Only the method is in doubt.

Some councilmen, principally Mayor James and Lorne Pratt, believe the proposed rate structure may be unjust to moderate consumers, while the other three council members appear to believe that it is as equitable as possible.

The original Montgomery study, prepared approximately three years ago, is the basis upon which the new rates were devised by the council's water committee, headed by Harold Roberts.

This study pointed out that Sierra Madre's water system was badly in need of repairs and that approximately \$42,000 should be put into a depreciation fund to replace old equipment. The Water Department here currently takes in only about \$50,000 a year.

"It is almost impossible," said Councilman Roberts, "to present all the facts on issues like this in a public medium. "Montgomery is a greater authority than any of us and I see no reason why we can't follow his recommendations. I feel convinced that we have done everything we can to establish an equitable rate system."

One of the questions raised by members of the audience at Tuesday night's meeting concerned the past practice of failure to establish a depreciation fund and diverting water fund money to the general fund.

Bevington, in answer to this query, said he is trying to work out a system which will discourage or make impossible the transfer of money from one fund to the other.

"There is not the slightest doubt in the opinion of the council of the need for a rate increase," said Mayor James. "But how should it be done? That is the question we are trying to answer."

About 20 Sierra Madre residents attended the council meeting, two of whom presented figures of their own and asked questions. Two letters regarding the rate situation also

Historical Society
Will Miss Its
President Saturday

C. W. Jones, Sierra Madre's first mayor and president of the local Historical Society, was reported progressing satisfactorily in his home yesterday following an illness.

It is doubtful, however, whether he will be able to attend the Historical Society's annual dinner Saturday night in the Woman's Club. Many Sierra Madre residents have expressed concern over Jones' health.

One of the city's oldest residents, Jones was admitted to Sierra Madre Hospital more than two weeks ago. He was released after a stay of only a few days.

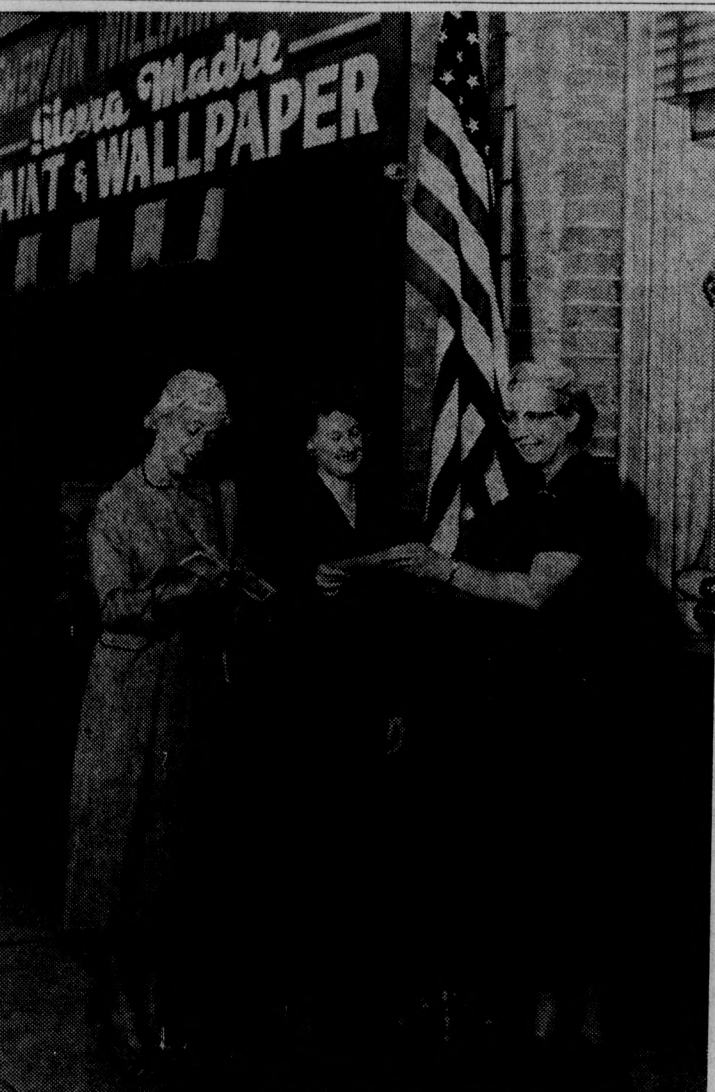

His wife, Mrs. Mary C. Jones, who broke her hip last July 16, is now walking with the aid of a walking device.

Lee Shippey asks

What Do You Think?

No doubt Dr. Paul Dudley White would consider it scandalously unethical to pay for advertising. But how gleefully and voluminously he reaches out for column after column of it when it comes free. And he is not the only one.

The American Legion convention in Miami last week overwhelmingly voted to urge this nation to abolish its commission coopting in the operations of Unesco.

Press dispatches translated that as a slap at the Eisenhower Administration, but it seems to me more an admission of the sheepishness of the Legionnaires in following the lead of a few swashbuckling, intolerant and unthinking professional patriots.

The first chairman of that commission was Milton Eisenhower, brother of the President, and it is made up of representatives of many important educational and civic groups, including the United States Chamber of Commerce, the AFL and CIO and important Roman Catholic and Protestant organizations.

Furthermore, two years ago the Legion appointed a special committee, including three of its own past presidents, a general and a member of the Legion Auxiliary, to investigate charges against Unesco. About a month ago it reported, after a very thorough investigation, that Unesco was anti-Communist rather than Communist—so much so that Russia has always opposed it—and that most of the charges against it were not based on facts.

Despite that report, a few thousand delegates to the convention—many of whom probably hadn't been investigating anything but the conviviality for which conventions are noted—voted uproariously. To my mind, the one sure way to make Unesco a danger would be for the highest, strongest

and most influential nation on earth—ours—to withdraw from it.

The most un-American of all activities is the stifling of honest opinions which conflict with ours.

In a few years the new subdivision on North Sunnyside will be lined with beautiful liquid amber trees. Similarly, Lowell will be lined with shamash trees and another street with flex oaks. That is because the residents along those streets have been smarter than most of us.

They have gotten together and decided what trees they prefer on their streets, have checked with the Planning Commission—and the city has put or will put them in at cost, which averages less than \$3 a tree. In many cases, those trees will add \$1,000 to the value of the property in not too many years, and they will also add to the beauty of the city.

Where such arrangements have been made, no one may plant other kinds of trees on the parking, and when trees now standing decay the city will replace them with trees fitting in with the others. So far the city has set out about 125 trees under this plan and will set out many more—if the residents ask for them. The trees already mentioned are favored by the Planning Commission, but any trees desired by a neighborhood will be considered if the residents will agree on them.

Mrs. May Wright of the Planning Commission and City Administrator Bevington are distressed because so few persons take any interest. Along many of our streets the pepper trees are dying. Unless neighbors get together and do something the trees which have always been the pride of our City will vanish or leave gnarled stumps. We better look ahead 20 years and do something now.

Letters to the Editor

The following letters from two Sierra Madre residents were sent both to the City Council and to The News.

During the past several weeks, it has been noted from reports appearing in the Sierra Madre News that an ordinance to increase water rates has been under discussion by the City Council.

Approximately two years ago a plan of expenditures for our water department needs was presented for your consideration. This plan advocated meeting costs of needed improvements and repairs out of current income and known reserves, without the need of raising water rates.

Wherein has this plan failed? Has our water department net income of approximately \$50,000 per year not been realized, or have needed improvements arisen that were not foreseen?

If it is determined that an increase in water rates is necessary, it would be quite helpful if a public explanation were published in the Sierra Madre News so that all may be aware of the need.

Respectfully yours,
A. L. DRAEGER.

In love of our blessed town I offer these suggestions:

All matters which even indirectly would assist in protecting our city and watershed from fire should be discussed in cooperation with Mr. Mendenhall (Angels Forest Service). Who knows, perhaps the Service would be permitted to supply the engineering studies. Their professionals are some of the finest in the nation.

All these studies and others which might concern our daily supply of water should be discussed in announced study periods so that the press, and any interested citizens could listen in. You could stipulate that any questions would have to be asked by the press representative. Believe me, the confusion in these matters which still exists, has been, and is, terrifying to some of us who have thought of these things.

In the spirit of the nation's constitution, and the principle involved in the State Legislature's law that government be not secret, I believe that the water superintendent should be freed from restraint when non-self seeking residents approach him for information.

Thanking you,
JESSIE E. DUNNING.

Congressman Edgar W. Hiestand
REPORTS THE
WASHINGTON NEWS

REPORT ON THE UNITED NATIONS
By HENRY CABOT LODGE JR.,
United States Permanent Representative of the United Nations

(Guest Columnist for Rep. Edgar W. Hiestand)

Basically, the American people are in accord with our membership and participation in the activities of the United Nations. However, debate on the subject arises periodically in various forms throughout the country.

For this reason I shall try to cite a few facts relative to the national cost for our membership in the United Nations and highlight some of the far-reaching objectives that have materialized due to our participation in this organization.

Our membership in the United Nations costs every American less than a dime a year. You can't buy automatic peace for that price or any price. But we are getting a big bargain in peace and security, with freedom.

Since the Eisenhower Administration came into office we have striven to make our share in the United Nations a bigger bargain than ever. The United States dollar contribution has been reduced while the much smaller Soviet share has increased. Most important of all, a great deal has been accomplished toward what we Americans want most—real peace with freedom.

Let's have a look at our accomplishments over the past year. We have scored at least five times.

Assistance League of Arcadia Sends Representatives to Annual Meeting

The Assistance League of Arcadia will be among the 22 chapters of National Assistance League sending representatives to the annual meeting at the Hollywood headquarters of the founder chapter, the Assistance League of Southern California on De Longpre Ave., Oct. 26.

Over 400 members are expected to attend the day-long session which will commence with round-table discussions at 10:30 a.m. Four different panels have been selected from topics suggested for their interest value by chapters.

Eteri Club Members Discuss Agenda for Coming Year Projects

Eteri Club met for its first fall meeting in the Hastings Ranch home of Mrs. Anna Marie Browning, 3665 Shadow Grove. Miss Eunice Anderson played the accordion and sang.

Following the business meeting, presided over by Mrs. Betty Bush, a Bible message based on Psalms 37 and 73 was presented by Miss Natalie Romans.

It was decided, after a group discussion, the club's projects would include the preparation of visual aid material for Mrs. Dewey (Edith) Mulholland to take with her when she returns to the mission field in Brazil and to send cards and monetary gifts to the orphans at the Faith Children's Home in Kentucky, on their birthdays. Some of the members will also continue to write portions of the Scripture in Braille for the Christian Fellowship for the Blind.

Guests attending the meeting were Miss Anderson, Mrs. Ola Ingram, Mrs. Elise Rickman and Mrs. Lucy Campbell who will be leaving very soon with her husband, Dr. Warren Campbell, for Korea where they will care for GI babies and prepare them for adoption.

The group will meet for a "Work Night" Monday, Oct. 24, at Bethany Church at 7:45.

Wed in Las Vegas

Mrs. Margie Connelly and Peter Kubos, both of Sierra Madre, were married in Las Vegas Oct. 15 in the Wee Kirk of the Heather Church. Thomas J. Daly, minister of the Independent Lutheran Church, officiated.

The former Mrs. Connelly wore a blue taffeta gown and a white orchid corsage. Mrs. Mrs. Sydney Bayley, matron of honor, wore a gray afternoon gown. The bridesmaid, Mrs. Margie Williams, a former resident of Sierra Madre, now of San Bernardino, wore a pink dressmaker suit. Both attendants wore rose corsages.

Mr. and Mrs. Kubos are now at home at 479 N. Auburn. Kubos, an engineer in the Merchant Marine, will leave for foreign service next week.

PURCHASE PRIZE DRAWS SEVENTEEN DONORS HERE

Seventeen Sierra Madre merchants and private citizens are donors toward the \$350 Purchase Prize Exhibition which will bring a November show of 21 of California's top oil painters to the Library Gallery—and result in purchase of one canvas as the beginning of a permanent contemporary collection.

Dr. Nathan Jacobs, who heads fund-raising, with Mrs. P. R. Woodworth in support, says response to the art project is "heartwarming."
"Only a few more donations will make the project secure," he said, "since there are in-

Emblem Club Plans Annual Bazaar Saturday, Nov. 5

Members of the Monrovia Emblem Club have slated their annual bazaar for Saturday, Nov. 5, in the Elks Clubhouse. This event, one of the largest activities of the club, will be open to the public.

This year's bazaar will be carried out in a Hawaiian theme with many interesting booths to visit and a host of beautiful door prizes. The day's agenda includes the serving of luncheon and full course dinner in the evening.

At the club's monthly social, scheduled for Thursday, Oct. 20, at 8 p.m. in the Elks Clubhouse, the drill team will present a fashion and hobby show. Everyone is invited to attend. There will be a small charge for the affair.

At a recent meeting, conducted by the vice president, Mrs. H. M. Becker, in commemoration of vice president night, an apron parade was held with prizes given for the prettiest, most practical and most original aprons. Following the awards the aprons were given to Mrs. Becker, general chairman for the bazaar, to be used in the apron booth at the coming event.

Mrs. W. J. Bowler and Christina Smith represented the Monrovia club at the Supreme Emblem Convention held recently in Birmingham, Ala. Mrs. Paul Raab, president, was unable to attend because of the illness of her husband.

2 Residents of S-M in Crash

The stop sign at Paloma only half a block north of a signal light on Sierra Madre Blvd. at Orange Grove was believed responsible last week for an auto accident involving two Sierra Madre residents.

Leslie Chapman, 721 Brookside, said the car in which he was a passenger started forward after stopping at Orange Grove and collided with the car driven by E. R. Pierson of Duarte, who was going east on Paloma.

Although nobody was injured, Chapman said damage to both cars was extensive. He said the sudden appearance of the stop sign at Paloma without advance warning caused the accident.

Chapman was in the car driven by Herbert I. Townsend, 531-A W. Camino Real, Arcadia. Mrs. Etta LaGuin of Sierra Madre also was a passenger.

Parrot Fever Control Pushed

Regulations for a parakeet banding program designed to control the spread of parrot fever in California have been recommended by the pet bird advisory committee to the State Health Department.

Because of a rise in the incidence of parrot fever (psittacosis) in California the last few years—from 14 reported cases in 1952 to 64 last year—strict bird control legislation was passed by the State Legislature in its last session.

The new law requires the department to appoint a nine-member advisory committee for the establishment of control regulations.

Terri Doan Wins Club's 'Rose' Contest

By Judy Haymaker

TERRI DOAN, a 5-foot, 4-inch blonde Sierra Madre teenager, won the "Miss Semanon of 1956" contest last Saturday afternoon.

Terri weighs 118, has deep blue eyes, and is a perfect candidate for the girl to ride the Sierra Madre float on New Year's Day. In order for Terri to be on the float, here's what we must do.

Each Semanon member must sell all the roses he can, so come on down and help put our girl in the parade! Although Terri is glad of the outcome of the contest, there is a shadow over her happiness. Her mother, Lois Doan, is in St. Luke Hospital, and her boy friend, Dick Striton, joined the Air Force last Friday. Terri, we know that everything will turn out OK for you.

ON NOV. 12 Terri will officially begin her reign at the Coronation Ball, a teenage dance sponsored by the Semanon Club. Kids, we're going all out to make this dance a success! Everyone is invited and we'll be glad to see you there. We've really got an evening planned—complete with the best teenage band you've ever heard. "The Dreamers" are really terrific!

They have a drum solo that sounds like a hotcha number in Congo rhythm played by Oscar Irvin. The leader of "The Dreamers" is Mick McCormack, who has played the clarinet for eight years. These guys, every one of them, have talent—the kind you can really dance to.

SAD NEWS—We must say goodbye to Jimmy Humphrey, who is in the Navy, and now leaving for duty. He is a good friend of all of us and we hate to see him go.

Hey, how about that football game last Saturday night? That was really an event, because the East won for once, 25 to 19—not bad at all. Believe me, though, we owe it all to P.H.S., who made three touchdowns to even and pass the West's score!

THOSE OF YOU who are non-members—don't miss out on our fun! You can begin with attending the Coronation Ball and I hope you will help us plan the next one as a Semanon.

One thing is certain. Anyone who has the stamina to lift it more than once deserves to find almost any kind of treasure—uranium included.

enough to regard the old ship as your home. No matter what or where it is, we're the sentimental fool who has to turn for just one last look.

And if there's a favorite animal there, watching you go—brother, hand us the crying towel!

But we had a real laugh at Ginger's party for the uranium hunters. She and her guest from Los Angeles, Miss Penny Sharp, presented the boys with a carefully wrapped gift which, on receiving it into our hands, almost sunk us to our knees. It was heavy.

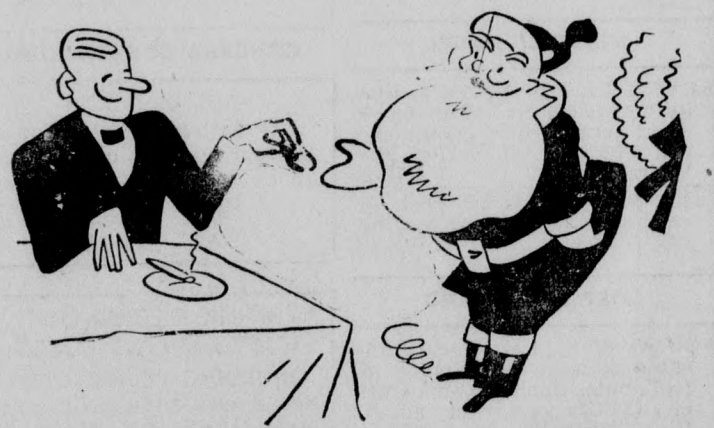

When "Babe" Dodge opened it, handling it lightly as a feather, it turned out to be the metal head of an old-fashioned pick axe. Considering all their new-fangled, modern equipment, we thought surely the boys would treat the old metal as a joke and leave it at home.

Instead, they toured the town next day until they found an axe handle to fit it—and they are carrying it aboard their safari into Arizona. Stemming originally from Bert Lindquist, who has collected rare items from old newspapers to antique coins, the aged pick axe from historic gold mining days may bring them luck.

Girl Scouts Make Plans for Carnival Booth

The fifth and sixth grade Girl Scouts at Don Benito School have been spending a great deal of time making posters and decorating their cascarone booth for the school's annual Halloween Carnival. The girls also will be in attendance at the booth on the big day.

Troop 422 enjoyed a recent cook-out at Sierra Madre Villa County Park, under the direction of their leaders, Mrs. Kenneth H. Boyce and Mrs. Gene C. Vance. Those fifth grade girls numbered in the troop's membership are Cathy Carlson, Nancy Jones, Kathleen Frakes, Linda Jensen, Karen Leslie, Cassie Friend, Christine Read, Judy Bescher and Carla Anderson.

Also, Carol Taylor, Gene Lyness, Katrina Pruitt, Linda Ashead, Bonnie Boyce, Carol Cummings, Carol Friederici, Linda Partch, Nancy Spence, Susan Walton, Kathleen Williamson and Vicki Wilson.

Sports in Haste . . .

Hastings Schools Have Wealth Of Physical Education Classes

By Charles Ayres.

Who among your neighbors in Hastings Ranch are active in sports or were at some time? Who are the stars of today, tomorrow or yesterday? What's going to happen to the golf course at nearby Victory Park and what new facilities are planned for the neighborhood?

These are some of the things we hope to report in future issues. We'll not be concerned with the national scene nor even the local scene except as it affects the Ranch residents. In order to give the best possible coverage, any tips or contributions the readers wish to make will be most welcome.

Sports activity generally emanates from the schools, and being blessed in the Ranch with two fine elementary schools in Eugene Field and Don Benito, we did a little checking to find out what type of programs they have.

Each room has its own equipment. Twice yearly a Squad Assembly is held under the sponsorship of the Pasadena Kiwanis Club. The squad leaders wear Kiwanis neckerchiefs and the meaning and reasons for strong bodies and fair play are reviewed.

After school hours, from 2:30 to 4:30, the school playgrounds are open and activities are directed by the Department of Recreation. Trained personnel instruct, plan and supervise athletic activity for anyone who wish to remain. The Recreation Department director is Ed Bignell, a Ranch resident.

Boys' sports clubs have been formed for fourth to sixth grade students and they are presently playing flag football with basketball planned for this winter and track and other sports for the spring. Any boy who wishes to may join.

At Field School the instructor is Mervin Dirks, and at Don Benito it is Harold Burt. Also at Don Benito a Girls' Recreation Club is active under the leadership of Gloyes McIntyre. There was insufficient interest shown at Field to warrant a Recreation Department leader.

Twenty-six boys are participating in Boys' Sports Club activities at Field. They are Bill Taylor, Bob Gaspar, Dean Lingren, Larry Leedom, John McGraw, Norm Kremiller, K. D. Ford, Phil Olwin, Dennis Cossio, John Nardolillo, Tim Doyle, LeBaron Newton, Pat Taylor, George Thompson, Marshall Franklin, Ben Fensmark, Hardie Phillips, Russ Harrison, Ricky Neiderman, Alan Smith, Jim Cameron, Bruce Hall, Don Beattie, Doug Snow, Phil Teran,

FINAL PREPARATIONS are being made for the annual Don Benito School Halloween Carnival Saturday, from 3 to 8 p.m. Mr. and Mrs. Eugene Rode, general chairman, said there will be a wide variety of booths as well as the usual Hobgoblins' Parade for the children when their costumes will be judged and prizes

awarded. Dinner will be served in the new cafeteria starting at 4:30 p.m. Pictured (left to right) Mrs. Charles Eidson, parade chairman; Mrs. Robert Meason, story book doll chairman; Mrs. Rode, Mrs. Robert Fogel, white elephant chairman, and Mrs. Warren Thiele, decoration chairman.—(Al West Photo.)

MRS. GORDON K. WRIGHT CELEBRATES BIRTHDAY

Don Benito Cub Scout Pack Presents Den Mother Awards

The first meeting of the year of Cub Scout Pack No. 383 was held recently in the cafeteria at Don Benito School. Included in the evening's agenda were induction ceremonies, initiation rites and the presentation of awards.

Those boys taking part in the induction ceremonies for Bobcats were Dave Anders, Robert Anderson, Paul Dunn, Jeff Hanson, Eric Mortensen and Timothy Roswell.

The first graduation rites of Webelos to the rank of Tenderfoot in the Scouts, for the Don Benito Pack were given for Leonard Lane, John Sandro, Leonard Read, Scott Spencer, J. J. Suich, Richard Wolfe and Phil Carroll. Each of the boys was presented with his Scout scarf.

Even though Leonard Lane participated in the graduation ceremonies, he was presented with a Webelos badge which he missed last year. Other Webelos badges were given to Bill Hillard, Don Cast and Chuck Cole.

We hope to carry all the news about the Ranch—sports, teenage activities, social functions, features about people and additional news of anything else that develops.

After a specified period—probably five months—we hope you will have enjoyed the Sierra Madre News enough to subscribe to it. We will try to make it as comprehensive as possible.

The subscriptions of those residents of Hastings Ranch who currently buy the paper will be extended free for the same period of time. The Sierra Madre News is circulated without charge. We believe this is the only fair way to handle the situation.

League of Women Voters Plans Meeting Thursday, October 27

★ ★ ★ ★

The next regular meeting of the League of Women Voters, Hastings Ranch Unit, will be held in the home of Mrs. Charles Cole, 1110 Medford Rd., Thursday, Oct. 27 at 10 a.m. This meeting will be a discussion of the Trade Agreement Act passed by Congress last June.

Mrs. Richard Glass, research authority from the Pasadena League, assisted by Mrs. Wilton Stewart, discussion leader for the subject, will present the material for study which will help the members understand some of the problems in our foreign trade program and how these laws affect their daily buying.

In the field of international trade an area of thought will be opened up in fair trade practices and methods that could be used in the solution of international dispute.

The traditional reasons of protectionists who want high tariffs and free traders who want low tariffs still exist today, although in a more complicated way and with more influencing trends and forces.

A change in status influences our trade policies. We are a strong nation today, we need to steer our trade policies wisely.

Anyone interested in studying and discussing these current problems is welcome to attend this meeting. Call Mrs. W. L. Barr, membership chairman, at CUster 5-2737.

Valerie Hayward Has Halloween Party

Valerie Kay Howard, 4-year-old daughter of Mr. and Mrs. Donald M. Hayward, was hostess to eight friends at her home, 1065 Riviera Dr., for a Halloween party.

The guest list included Brit Johnson, Patti Ellen Heer, Gary Mayo, Richard Lewis, Leslie Ann Holcombe, Terry Sue Thomas, Judy Fletcher and Joan Eidson.

Balloons and candy-filled "Trick-or-Treat" sacks were given each child at the end of the party.

C. S. Schram Family New Ranch Residents

Mr. and Mrs. Charles S. Schram, 1145 Michillinda, and their children, Robert, 12, and Kathy, 2, are new residents in the Ranch. They previously made their home in South Pasadena.

Robert is attending the Assumption of the Blessed Virgin Mary Parochial School.

Las Jardineras Will Hear Talk by V. H. Pinckney

Victor H. Pinckney Jr., Pasadena landscape architect, will be guest speaker at the Oct. 25 meeting of Las Jardineras, Hastings Ranch home and garden club.

The club will meet at 12:30 p.m. for dessert at the home of Mrs. Robert Butts, 3335 Landfair Road, with Mrs. John Calmer and Mrs. Howard Hitchcock as co-hostesses. The program, in addition to Mr. Pinckney, will include a discussion of ideas for indoor and outdoor decorations and Halloween.

Continuing their study of home swimming pools begun at the club's September meeting, members last Saturday morning made a tour of five landscaped pools in San Marino and Chapman Woods. The tour was arranged by Mrs. James White.

Keith Johnson Has Tenth Birthday

Keith Johnson, son of Mr. and Mrs. Merrill L. Johnson, 1150 Coronet, marked his tenth birthday anniversary at a dinner party.

Since he and his sister, Gail, had enjoyed a trip to Disneyland in the company of their parents, the theme of the party was "Disneyland."

Those taking part in the evening's festivities were the guest of honor's cousin, David Johnson, Bill Hillard, David Zehr and David Ranks.

Garden Club Will Tour Sunnyslope

Members of the Hastings Ranch Garden Club will meet for luncheon at Woody and Eddie's on Tuesday, Oct. 25, before making a tour of Sunnyslope Gardens. As planned by Mrs. Dunbar Burdick, the tables will be decorated with fall foliage. Mrs. R. A. Holman, president, will introduce new members.

Several hundred plants of many hues are in bloom at the gardens, a number of them new imports from Japan and England. The tour was arranged by Mrs. Anthony Alfredo, program chairman.

BOB NATZEL, 3765 Canfield, receives smiling congratulations from Patti Page for excellence in Pasadena automotive sales, at a recent San Francisco convention where Miss Page headlined the entertainment. The Natzels have three children, Betsy, George and month-old Margaret Ann.

Field Carnival Oct. 29 to Draw Parents, Small Fry With 'Fun' Booths and Food

You may as well plan to attend Eugene Field's annual carnival Oct. 29. Because if you don't make plans ahead, you'll probably be enticed there anyhow by tempting food aromas and happy noises of the "fun" booths.

At least that is what the carnival committee is saying, the committee being composed of Mr. and Mrs. Howard Niederman, Mr. and Mrs. John Atkinson and Mr. and Mrs. Robert Cress.

Booths will be set up the evening before the big day. Saturday morning will be spent in decorating and storing food for the crowds. Then booths will be open for business from 1 to 8:30 p.m., a spaghetti, salad and cake dinner to be served in the cafeteria from 5:30 to 8 p.m.

Out on the playground there will be plenty of food, too—hot dogs, home-made candy, coffee and doughnuts, peanuts and popcorn, tacos, ice cream, cotton candy, pop, popsicles and milk.

Hanzel and Gretel, a colored puppet movie, and Tiger River, a travelogue, will be shown in the movie booth set up in the kindergarten. Games of skill will include a Black Cat ring toss, fish pond (which isn't what you think, because gold fish are what you win when you toss a ping pong ball in a fish bowl), baseball throw, flying saucers toss, wishing tree, nail and hammer, darts, pottery break, cork gun target practice and pop-a-balloon.

But of course the piece de resistance, as always, will be

ELDON A. STIRES FAMILY RETURN FROM TEXAS STAY

Friends and neighbors are welcoming Mr. and Mrs. Eldon A. Stires, 945 Hastings Ranch, and their children, John and Sally, back to the Ranch after a year's stay in Texas.

HASTINGS FAMILY HEADED FOR SPAIN . . . Helene, Mrs. Varon, Andy, Craig and Irving I. Varon

Other families in Hastings Ranch are concerned this season with school carnivals and neighborhood parties. Not so the Irving I. Varons! They're packing up for a trip to Spain!

The household at 955 Hastings Ranch Dr. couldn't be much busier, what with Mr. and Mrs. Varon and the children, Helene, 12; Andy, 10, and Craig, 5, cramming trunks and packing boxes with necessary items. Mr. Varon, an SC graduate

with a degree in civil engineering, is leaving his position with the California Division of Highways for an 18-month assignment in Madrid where he will be supervisor of design for air bases.

He will be connected with a company of architects and engineers who are being retained by the U.S. Navy Department for the work.

Mr. Varon is to begin his flight to Europe Monday leaving Mrs. Varon and the children

to join him later. They will drive first to Florida to visit Mrs. Varon's parents in Jacksonville, then sail from New York early in December, taking the car with them.

The children will go to American schools in Madrid, and, says Mrs. Varon, "We're going to do a lot of sightseeing. It will be a wonderful experience for all of us, especially the children."

Members of the Tennis Club here will turn their talents temporarily Oct. 29 from the racquet to the hammer, Secretary-Treasurer Peter Cowell reported.

The club, he explained, has volunteered to help put up booths for the PTA Carnival on the Sierra Madre School grounds Oct. 29.

The club recently acquired four new members, Cowell said, and now has a total of 42 paid-up racket swishers. A team tournament for club members only will be held in the near future.

All club members will get the names and telephone numbers of each other so that a tennis match can be easily arranged. The club also has decided to buy backboards to practice on in the tennis courts here.

Members of the club's social events committee for the winter season are LeRoy Sims, Margaret Bowman, Jean Hot and Jean Holt.

Scanning the Sports Scene With BOB BROGGER

Well, there he is, folks. Pictured below is the little expert himself, Arthur Bohart Jr., 12½, who won our prediction contest and two tickets to the USC-UCLA football game on Nov. 19. And boy, that's going to be a dilly of a game, too!

Arthur Bohart Jr.

We were mighty glad to see Arthur win since his father just graduated from SC in 1954. So we know both are eagerly awaiting the day of the game.

Edward LaLone, local hunting enthusiast, bagged his second buck deer of the year, a nice three-pointer, while hunting in the Greenhorn Mountains of Kern County. With him on the trip were Howard Miller, and Ed's two brothers, Earl and Fred. "Bring 'Em Back Dead" Ed killed his first buck in the early season in the Sulphur Spring area.

That Junior Rose Bowl Game is getting more and more popular every year. In fact, if it keeps growing like it has, we will see the Rose Bowl filled in one of these tilts. We're predicting Compton to represent the western team for this year's classic, and next year it will be Pasadena City College. Why? Well, for the simple reason they are going to have a great quarterback who can run, pass, kick, catch, and even turn on the showers for the players after the games. Yes, the one thing that we feel has hindered PCC for so long from winning the games they should will finally end, start next season.

Right now with Dave Muehlberger and Hillard Hill the Lancers have one of the best ends you'll ever want to have on a football team. They have a great line, with the help of Jim Hammed, who tips the scales at a slim 250 pounds, and the finest backfield, headed by the great Ellis Johnson. But they don't have a good quarterback.

Well, Coach Mickey Anderson need worry no more, for Pat Lovejoy of 74 W. Grandview is coming to the rescue. Pat was going to play this year but was late showing up for practice since he was getting in shape for his first amateur boxing bout. (You'll hear more about Pat's boxing ability later on.)

Pat played quarterback for four years at St. Francis before coming to PCC this year. In his senior year there he made All-Catholic conference honorable mention. But if you asked anyone who watched Pat play they'd tell you that he was far underrated and should've made first or second string. It would have helped though if his team had a little better record than they did have.

You are going to be hearing a lot about Pat in this column and the Pasadena papers. Pat will put PCC in the Junior Rose Bowl in 1956.

Death Valley Trek Scheduled Nov. 10-13

The seventh annual Death Valley '49er Encampment will be held at Furnace Creek and Stovepipe Wells Nov. 10-13. Dr. Thomas Clements, '49er president, announced yesterday. A well-varied program, including art and photography exhibits, instructive tours and entertainment in the western manner, has been scheduled for this year's encampment, Clements said.

Garden Notes . . .

Three Types of Camellias Grace California's Lawns; Choose Right Kind for Best Results

Many gardeners fail to realize there are not one but three species of Camellias to be enjoyed in California yards and gardens, each lending a different type of floral beauty to its surroundings.

Best known is the Camellia Japonica, blooming in hundreds of varieties and numerous blossom forms and colors. The Camellia Reticulata is another race of Camellias, and in the past few years new varieties have been brought from China. After being tested in trial gardens these varieties are now available to the gardening public. The Reticulata and Japonica resemble each other in flower, but differ in habit of growth.

The third species in the Camellia family is the Sasanqua, a willow shrub with dark green polished foliage like its cousins but different types of blossoms. The blossoms are small apple blossom-like, cup-shaped and boutonniere-like also.

The Sasanqua is often overlooked by the gardener who seeks only spectacular blossoms. But the truth is, says the California Association of Nurserymen, the Sasanqua is much more adaptable and pliable for landscaping than the Japonica and Reticulata. The Sasanqua can be trained as a vine, espaliered or used as a ground cover, in addition to its natural shrub form.

Camellias are especially rewarding as a garden plant, for by choosing the proper varieties you can spread the blooming season from early fall until Easter and brighten the dull winter months with the lovely blossoms.

Local PTA to Hear Pediatrician Tonight; Public Is Invited

Dr. Sidney Lasell, prominent Pasadena pediatrician, will address the PTA meeting at 8 o'clock tonight in the Sierra Madre School cafeteria. The public is invited.

Dr. Lasell, a graduate of Yale University, is on the staff at St. Luke, Huntington, Los Angeles County and Children Hospitals.

A specialist in the emotional problems of children, he will discuss "At Ease with the World." His talk will deal with the social and emotional development of elementary school age children.

The PTA plans to have Dr. Lasell at the group's Nov. 17 meeting also, at which time the physical and environmental growth of elementary school children will be discussed.

Mail Overseas Parcels Early

The month ending Nov. 15 again has been designated for the mailing of Christmas packages to members of our Armed Forces Overseas, Postmaster Charles E. Louk announced yesterday.

Louk advised that parcels containing foodstuffs subject to spoilage and breakage are likely to reach overseas destinations unfit for use.

The public can be reasonably sure, he added, that parcels mailed before Nov. 15 will reach soldiers and sailors before Christmas. Packages mailed later, however, may not reach their destinations on time.

Parcels for delivery in Japan, Korea and the Pacific Islands, Louk said, should be mailed as early as possible, preferably not later than Nov. 1. Greeting cards also should be mailed at the first-class rate before Nov. 15, and at the air mail rate before Dec. 1 if they are to be received before Christmas.

In the spring and summer their pleasing evergreen foliage serves as a background for other plants. Camellias also are comparatively easy to grow; they will reward amateur and collector alike with grand performances if the proper care is given.

Camellias should be grown in an acid soil, with good drainage, peat or compost to cool their toes and fertilizers that give an acid reaction. Keep the soil around the plants moist and syringe the leaves daily, during very warm weather.

For fall blooming varieties of Camellias, select from the early blooming class. This class includes such varieties as High Hat, a sport of Daikagura and peony-like in its shell-pink bloom, or Mrs. Tingley, a double in soft pink. Shangri-La is another peony-type Camellia, striking crimson in color and unusually fragrant.

Another fall-blooming Camellia is Prince Eugene Napoleon, also called Pope Plus IX, which bears huge, formal, double, rosy red flowers.

Select some of these Camellia varieties from your local nurseryman now and get them planted before cold weather. The future blossoms and evergreen foliage of the plants will be more than satisfying to you and your family in the coming years.

Other gardening tips follow:
1. Don't let snails destroy your fall garden. They can be easily controlled with bug pellets.

2. Acid loving plants such as

Camellias, Rhododendrons and Azaleas benefit from a fall application of oakleaf mold.

3. This is the time to give the garden a fall cleanup spray. Your nurseryman will advise the best materials to use.

4. Hurry with all gardening activities such as soil preparation, lawn planting and setting out new shrubbery. The winter rains will shortly interfere with gardening chores.

5. Cool weather bedding plants, such as Snaps, Pansies, Stock, Violas and Baby Primrose, can be planted now.

Rabbi Steckel Will Discuss Brandeis U.

Rabbi Charles W. Steckel, spiritual leader of the Foothill Jewish Community Center, 212 N. Lima St., will speak on "The Chapel at Brandeis University" Friday at 8:30 p.m.

Brandeis University is a non-sectarian school at Waltham, Mass., where recently three chapels were dedicated for the different religious faiths, the Jewish, the Catholic and the Protestant.

At the Oneg Shabbath following the services, Mr. and Mrs. David Hermanson, 520 Campesina Rd., Arcadia, will be the hosts in honor of the coming Bar Mitzvah of their son, Barry.

Saturday morning services will begin at 9 o'clock. During these services Barry Hermanson will be Bar Mitzvah. Cantor George David will assist in all the services.

The adult classes will resume on Oct. 25 at 8:15 p.m. in the downstairs lounge of the new Sunday School Bldg.

Rabbi Steckel will again conduct these classes. The opening discussion will be "The Kastner Affair and Trial."

Last summer the Israeli government split on the Kastner issue and he became the central figure in the disagreement between the general Zionists and the coalition government led by the Mapai.

Kastner was in charge of the rescue of Jews during the crucial years of 1944-1945, during which time he negotiated with Nazi leaders as to the destiny of those Jews whom he put in "so-called" protective camps.

Now Kastner is being charged as a collaborator and traitor, with the possibility of his case being reopened before the end of this year in Israel.
